### EAST AND WEST.

Manufacturars of Each Demand Protection for Their Own Products,

Denocrate of the North and South Stand buildly Together-A Thank Task Belore This Congress.

ters of the house committee on ways hat four times there were blockedes, and means and the senate committee however, none of any serious delay on fluance ure experiencing the prelimturers of New England and the con iers of manufactured articles in the far west and northwest in the early upon the new tariff bill. There la mi division of sentiment between the free trade democrats of the south and north. They stand solldly for absolute freedom in all commercial transactions both domestle and foreign. But when it cames to passing upon ques-tions of local interest, the demo-crats of New England and those of the far west and northwest light.

have few interests in common. New England makes "Yankise notions" and the great manufactured articles for the great west, while the latter produces from the ground for the former. The Yunkee wants protection for his pro-ductions and free competition with the world in the supply of all which the western larmer produces. The lumble tiller of the soil who labors in the sethim with manufactured goods. It ramp would seem that the southerner and many the inhabitant of any of the middle

the struggle upon which the two turiff committees of congress are entering. It seems to be an endiess task to rec onelle the two widely-separated later-ests of New England and the Trans-Mississippi country. Chairman Wilson of the committee on ways and means raya that no committee can do its duty with its eyes and eurs wide open; that it is necessary to "go it blindly" lu the work of tarlff revision, as it is almost impossible to give audience and action to one interest without doing violence to another. When the McKinley tarlff till was prepared there was a general y, and are raising a introcum of raising of customs duties, and nimest cy to carry the case to the supreme every one interested in the production of any article from the shop or ground was given favor; but now that it is necessary to cut down the dutles and at the same time increase the revenues of

the government, the task before con gress becomes almost appalling.
When the Mills bill was presented to ngress a half-dozen years ago, hearinga were given to consumers and producers allie; but it is not the intention in this congress to ask consumers to spenk, because there is little time in which to prepare the tariff bill. There le great anxiety everywhere as to what the new measure will provide, and states to examine the prisons of this sountry, spent Therefore the Obla pealtentiary in charge of Mr. Boyle, the governor's private secretary.

CLARKSVILLE, Tenn., Sept. 4.—While working a steam thresher at the larm of Cornellus Wilson, in Diekson county Wilson's grandson, a young mun nam llolt, was elimbing from the top of the machine upon a grain stack, when he alipped his right leg into the cylinder, grinding it into a pulp to the knee.

Br. tirates l'ommils Saicide. DESVER, Col., Sept. 4 .- The famous under case of Br. 1. Thatcher Graves. formerly of Providence, R. L., has at last been settled. The doctor was found dead in his cell at the county jrii e was awaiting a rehearing on the charge of having poisoned Mrs. Jose phine Barnaby, a wealthy widow, also of Fravidence. The poisoning is said to have been done to cover up Dr. Bray'n Harnaby's estate. Although no untop-sy has yet been held on his body it is known that the dector took his covn life, using marphine to effect his end.

liuna Pusan, Sept. 4.—A terrible trag-edy occurred in a village near here. A oung man at a ball, exusperated because bis attentions to a young lady lind been slighted, imagined that if he lin herited hin lather's large estates he would be an neceptable anitor. Accordingly he returned to his father's house and killed his parents, who were in hedasleep. With a hatchet he murdered his six young brothers and sisters.
Then he returned to the ball and
danced the remainder of the night.
The next day he was arrested upon
suspicion. Iln confessed the crime af-

### VETERANS IN CAMP. DEFECTIVE BRAKES

Deer the Handret Thousand Strangers in Indianspolls. The City Beautifully Deco-rated from Doc End to the Other.

INDIANAPOLIS, Ind., Sept. 5 .-- The arrland of veterans to attend the twentyeventh annual encampment of the thrand Army of the Bepublic war enormously augmented Monday, Trains, were rulling into the central station every half hour nulouding their thousunds, and for the most part with as little delay as could be counted upon. until Monday evening, when live trains were blockaded at the suburb of Brightwood, four piles from the ceuter of the city, and from which station large crowds had to walk, as the street car faellities were not sufficient to recoive

It is estimated that 100,000 people reached the city Monday, and about one-fifth of that number of strangers had already come in Saturday and Sunday. Monday's special trains numbered fifty, and of these there came from Chleago 1,200, 1,300 and 1,500 passengers. Large numbers came in from Cincin-It would seem that these two sections math St. Louis and the western cities

and the far cast. The stranger found the city teautifully decorated from one end to the other, the scenes on the bush streets being culivened by tlugs, shields and festoons in colors.

The central points of interest aside from the state house, where the fortylive Grand Army departments are lo-ented, and the hotels, the lobbles of tiller of the soil who labors in the sev-ting ann of course would like farm pro-duce to be protected, but he is in open war ngainst the Yankee who supplies him with manufactured goods. It places for reunions during the week, and there, Monday afternoon, a states was an uninterested spectator in abort dedicatory programme was car rled out in the presence of an immense molience. There was music, vocal and instrumental, phireses by Commund-aut Ketcham, Gen. John T. Wilder, Commander-in-Chief Weissert and ex-

fresident Harrison. tien. Harrison said minong other things:

things:
"Think you comrades My friends, I have feit during the last two months as I rested by the seashore that I was to some degree a shirk. The Indianajed a papers brought to ma from day to day told me of the prodigous work that was its jug done by some of my fellow chilrens to prepare for the reception at Indianapolis of the the A.R. I was not here to share those labors, but I am here to-day to do honor to these who have born the bruth of this great with."

the comp was a fair ground, pointing out the localide of the war ous buildings, the speed track, the secane of secane in content, and again when it was occupied in preparation for loody conficie-when it was anesn as Camp sullivan. Let An Electric Car Go Down Grade at a Fearful Rate.

It Strikes a Telephone Pole and in Cal in Twn line Person Killed, Three Fa-tally Injured and Twenty-Neves tithers More or Less Hart.

CINCINNATI, Sept. 4 .- A car became inmanageable at McGregor avenue Sunday afternoon, and after a wild flight of over a mile jumped the track pole, and one passenger was killed, three fatally injured, and twenty-six others more or less seriously hurt. The

Three influtes of mortal terror, whirling along through clouds of dust, in a running car at a specific that, at the linish, is described as close to one hunred mlles an hour, is an esperience that will never be effaced from the memory of those who passed through Its horrors and will live to tell the fale.
For more than a mile the ranaway

ar, itself welghing several tons, with its load of precious freight shot with a velocity seldom attrined by the most expeditions railway traveling, and the

was prodetermined by fate.
On, on it went for about a mile, when

a steep declivity was reached, and the plunge flown this meant death, for just it the bottom the street ends abrubtly, and a line of houses-tall, brick struc tures-loomed up in front. Into this the unmanugeable car must plunge, and the consequences must be horrible

to contemplate. And so it hap-pened; only a friendly telephone pole reared its protecting hulk between the unfortunates and what seeined an awful fate. But even tiils escape was not for all. The ponderous mass, moving at a frightful velocity, struck the pole, which, standing upright, sliced the car in two as with a knife, for a distance of eight feet. And the motor struck it that the pole was The Sad End of Esptorer Emis Pasharoken off- nt the base and came tunebling down with its thick network of disaster. Hut even this obstruction did to the death of Emin Pasha, the noted not stay the lorward motion of the ear,

by twenty inches in thickness, it was So great was the shock to the building that with the corner support taken from under it, it was thought that the structure, a five-story tenement souse, would collapse. This, lowever, was prevented by bracing it up with heavy wooden beams, two on either side, until the stone pillar can be replaced.

\*\*There is no question as to his cath, "said Mr. Swana. "I am as certain he is dead as that f am sitting hera. In February a letter came to me while I was at Ujiji, asking what should be done with Emilia effects. This inquiry naturally prompted me to make luvestigations. I tild so, and the every direction, to be transpled by the

Washington is talking Monday about the subjects discussed at the conference at the white house on Friday night and at the treasury department on Saturday afternoon, when plans were taken under advisement for legis-lation providing a constantly increasing currency to take the place of the present silver purchasing luw. It is con-reded on every hand thut some provis-lon must be made as soon is the silver at Broadway, erashed into u telegraph liuw is repealed whereby n volume of currency adequate to the herease of apopulation will be provided.

It is conveded also that the bare accident occurred on the Avandalo proposition to simply repeal the tax on

the same as is now given national banks.

The scheme discussed at the treasury monster kept the rails an long as it did. Down the steep grade the terrible specter shot past wide-eyed and open-mouthed pedestrians, and along the level graden it coasted, and then, a quarter of a mile from the finish, took the plunge that could end only in death and destruction.

It struck the sharp curves in the road with jolts that buddled the passengers together in heups, and even despite the efforts of the cool-headed errow, who tried to throw it from the rails, it held to throw it from the rails of lastly, that state banks of issue shall be subjected to federal inspection.

ft is generally believed that some general scheme of this sort may be gotien through congress, but there is yet objection to seenring any part of the circulation of state banks by the de-posit of anything other than government bonds. Congress intends to rid the state bank circulation scheme of all its doubtful features if authority Is given its resumption. Of course, the additional proposition to have the government print nil of the state bank money is no additional argument lu favor of state bank circulation

### KILLED AND DEVOURED.

Arsh Heads fin the Deed. LONDON, Sept. 5.-It may be stated that all doubts that have prevailed as African explorer, are set nt reat by lu-formation possessed by Mr. A. J. Swann, porting pillar of the doorway of a brick house on the corner, and, al-though this pillar was of store to. I'jiji. Mr. Swaon is now in London, and

the Associated Press representative has torn from its place and shivered to had an extended conversation with him as to the reported death of Emin Unsha. The ear itself was literally annished to result was information which is nutben-ntonis, that lay for hundreds of feet in or Entia l'asha, as he was better known had been killed by a native chief in the list the occupants of the car, they ly sturtling information, but it was who took that terrible ride, what of ascertained that Emin's courd of thirty warriors had not only been slaughtered,

### overtaken the expeditlen." A PENSION RULING. Which is of Considerable Importance to

Washinton, Sept. 5. -Commissioner issned an order, withdrawing that of net of June 23, 1890. The order rends: 'ilerenfter in affixing rates under this act the medical referee or the medlent officer in the board of revision shull weigh each disability and determine the degree that each disability, or the mbined disabilities, disables claimant from earning a support by manthis degree shall be allowed. In cases age of 75 his rate shall not be disturbed If he is receiving the maximum, and if he is not a pensioner, he shall receive the maximum for senility nione. if there are no special pensionable disa-

hilities shown. This order will benefit many claimants who have been denied ratings mider the former practice. Umler the new order the contributory causes of cal lneapacity to earn aupport by manual labor are taken into account.

## FRANKFORF, Ky., Sept. 5 .- The court

of uppeals and superior court of this dny. A goodly number of local and visiting attorneys were present. Walter M. A FELINE PROTECTOR

He Puts a Brace of Bold Burglars to Headiong Flight.

They Wore Having Tirings All Their tiwn Way t'uill Tommy Housed the Fum-

A little coterle of professional burglars walked duletly through the allent streets of Bloomfield, N. J., late the other night, says the New York Journal. The Bloquiled police force of one was askep on the steps of the poller headquarters and the merry burglars had the cutire town to themselves. They walked down Lindon avwith ilmnies and rattling with skele-ton keys, till they came to the tine house and handsome grounds of Mr. N. H. Adams, one of the society leaders of

One burglar was stationed near the front gute to keep a sharp lookout for thu illocusfield police force. The two other burglars stolu through the grounds to handible, slew music, like burglars in a melodrama When they reached the front porch the contlons our flashed a dark lautern around the corners of the house und in the little poultry yard, the woodshed and the

"I feel relieved," said he, in a fine whisper; "there is no dog kennel."
"This house is just pie," said the
other burglar, in a delicate whisper.
"Ple!" whispered the first burglar. "It is an oyster plo, a minee ple und a George Washington pie, all lu one.

Theu the joened burglars unde an end of persitinge and went to work with professional adroltness and a right good will. The abutter of one of the parlor windows was pried open, the bit cent bottle or ode by A. M. Hogh window was raised and the rautions burglar, lifting his eyes to the level of the sill, explored the room with his dark lantern.

The bold burglar climbed through the window. Then the cautions bur ginr climbed through as softly as a 11st. They paused a moment to criticise the pletures and tapestries by the light of their dark huttern and cursorlly exam-Ined the silver lee plteler to sen if it was standard metal.

Hut their business was more im portant than the mere illettante purauit of art and they the-tood through the house, guided by the mellow, goldon light of their dark lantern, collect-Ing now some rare specimen of the silversmith's art and now an exquisite vase; finding here a fashionable cont and there a costly showl, and conde-scending ut thues to pick up a pocketbook wideli had been left lying on thu

He went downstnirs and found two handred dollars' worth of household articles mently tied up in landles, just as the

burghers had left them. Can of the larglars took ninely cents from a purse and carried It namely with blue It is believed that the three larglars lad to walk back to New York, as ninety cents would be in-auliclent to pay their carfare.

As the geese saved lione, so the tom cat saved the Adams mansion.

TOO MUCH ANNEXATION.

This is England's Folble and its Avaid-ance is America's Strength. The French would be wheelf they did crime which aroused the party into acting was the brutal and unprovoked of Slam; for, if they manage to get assant upon an Indian boy peddier, it occurred at Franklinton, a little place seven or eight miles from New Castle. The Negro struck the boy over the head, fracturing his skull. The was brought to Louisville, which was his home, and the people at Franklinton learned that he had died. inton learned that he had med.

(\*\*vs. dexes: a painter, of Hopklus-vent anyone hylng hands on it. I am ville, was struck upon the head by a folling platform, while at work and cold water on this startling decirine, which in the end would enable us to which in the end would enable us to consequently we have a right to preresult falally. Fongestlour of the brain is feared, is near India, so we took it. This, it  $J_1$ would seem, gave us a right to take upper lluranth, and now that we have Urey Woodson, have begin their au-inal inspection of all roads in the able way, gives as rights over Sian. ort.

NELL Trenton Pinkney Humphreys.

The possession of Slam, would, I suppose, Justify us in nunexing China. I wonder what we should say it some pose, Justify us in nunexing China. I pears of mind, but simply for in

In many ways the United States has attend data is, Far, respecially lady MARTIN TURNER was falulty shot by caucated the world in politics, and 1, teachers, seph Rush, a farmer, at the home of for one, do not hesitate to say that the latter, near South Louisville, a few days ago. Turner was after his wife, who had deserted him and taken up tion., But in nothing do we owe more her residence with Rush.
